**EuroShop**

The World's No. 1 Retail Trade Fair

5-9 March 2017

Düsseldorf · Germany

theunexpected +

### General contracting + interiors!

General contracting with high-end furniture manufactory. Shop fitting with international project management. No matter from which perspective it is looked at: What can be expected by clients of baierl + demmelhuber is unexpected by most. Unexpectedly customized. Unexpectedly much. Unexpectedly more. **Simply the „unexpected plus“.**

Allow yourself a change of perspective; it will open up unexpected possibilities. Your projects are multi-faceted, multi-layered and complex – just like our stand. But still it follows a striking logic and is clearly structured – just like B+D. In the end, everything draws a coherent overall picture – just like our partnership. **From any perspective.**
